Reviews

Arya Sekhar Bandopadhyay
Software Engineer, Arcesium

SRM University to SDE at Arcesium

I was looking for an upskilling program to improve my coding skills and eventually joined Bosscoder Academy. It proved to be one-stop solution for cracking top tech roles. Mentor sessions and mock interviews with people from Google and other top companies helped me gain confidence in DSA and System Design.

Aarushi Jain

Software Development Engineer, Atlassian

No interest in coding to SDE at Atlassian

My journey in college was a roller coaster ride, and I wasted a lot of time in learning from free resources. Bosscoder Academy's excellent curriculum helped me become consistent and invest my efforts in right direction. With my mentor's guidance, I received offers from Amazon and Atlassian.

Harshith Ravinoothala

R&D Engineer 1, Synopsys

Tier 3 College Student to Product Based Company

I always wanted to get into a product based company, but being a tier 3 college student lacked exposure to coding. Bosscoder Academy helped me gain confidence in DSA and core subjects like OS, DBMS and System Design. Instant Mentor support helped me stay clear of doubts.

Vathsav

SDE, AppDynamics

Below Average Student to SDE at AppDynamics

I was rejected on Campus placements, not able to clear first round of interviews. I required correct guidance and a saviour that came in form of Bosscoder Academy. With helpful mentors, and 1:1 mock interviews, I was able to learn where I am lacking. Bosscoder literally helped me accelerate my tech career.
